Course description	<p>NVQ Level 2</p> <p>The Level 2 CCLD is an NVQ (National Vocational Qualification) for people who are working in childcare. Based on the National Occupational Standards, it proves that you have a level of skills to effectively do your job with some supervision and/or guidance.</p> <p>NVQ Level 3</p> <p>The Level 3 CCLD is an NVQ (National Vocational Qualification) for people who are working in childcare. It continues your professional development from Level 2 awards and acts as a stepping-stone in your career. You must be working in face-to-face roles with children, young people (aged 0-16 years) and families, either supervising others or working unsupervised.</p>
What will I learn?	By the end of the course you will have achieved a nationally recognised qualification related specifically to your job.
Is this course suitable for me?	As all NVQs are work based assessed and competency based qualifications you must be in an appropriate job role linked to the standards. Your NVQ Assessor will establish this with you and your line manager at the initial meeting.
How will I be taught?	Any skills gaps will be addressed on a one to one basis via your NVQ Assessor.
How will I be assessed?	This qualification would be obtained by gathering evidence from observations, questioning, professional discussions, witness testimonies from colleagues and supervisors and a review of work product evidence.
